AGAVE PRODUCTS

BIODEGRADABLE STRAWS MADE WITH AGAVE FIBER

Description

- ✕ Products are manufactured with **PolyAgave®**, a line of bioplastic materials made with vegetable bers, by products of agro-industrial processes.
- ✕ **PolyAgave®** is a biobased material approved by the USDA, all its components are FDA approved, BPA Free and free of heavy metals.

Certifications

Certifies the elements with which it's manufactured, the content of its bio-plastic composition of agave fibers, its biodegradability and other characteristics.

The ability to comply with the requirements of biotic tests (biodegradation) ASTM 6954-04.

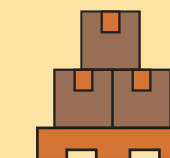

This degradation has been tested in accordance with the requirements of BSI 8472 and ASTM 6954-04 through ASTM 5510.

Which proves the organic content (from plants) of the compound. It is also a compound approved by the FDA.
